

# SustainableU Pop-Up Event: Smart Cities and Sustainable Development

February 6, 2020 6:00 pm - 8:00 pm [RSVP at tinyurl.com/EarthXDCCCD](https://tinyurl.com/EarthXDCCCD)

Join EarthX and DCCCD for an evening to explore the idea, 'What makes a 'smart city' smart?' Learn how new technologies and open access to data is transforming our communities, enhancing quality of life, and sustaining our resources for future generations. Topics include 5-G, autonomous vehicles, open data, sensors, and more.

## Featured Speakers

James Childers  
Assistant City Manager  
City of Irving

Jennifer Sanders  
Executive Director  
Dallas Innovation  
Alliance

Jerod Anderson  
Director of Enterprise Solutions  
City of Coppell

**Earth X** and **Dallas County Community College District** co-sponsor **SustainableU**, a series of **Learning Events** on sustainability topics that will broaden your understanding of environmental issues and teach practical solutions you can implement in your community. **Learn. Network. Take Action.** [www.dcccd.edu/sustainability](http://www.dcccd.edu/sustainability) and [www.earthx.org](http://www.earthx.org).
